

2011 Annual Snow Bowl a Success!

The New Year was brought in by about 30 brave souls playing in the annual rugby snow bowl event! The traditional married vs. singles game kicked off promptly (sort of) at 3:00pm... Married won once AGAIN! The Referee (Fadder) was a little biased but did provide some liquid refreshments to ease the pain of either the night before or the tackling in the snow! No serious injuries occurred - more injured egos than bodies! The women's team was well represented this year with four brave souls - Chelsey, Dallas, Aly and Kayla. The older, senior men's participation was lacking but the younger players made up for it by their enthusiasm. After the game, everyone retired to the clubhouse to enjoy some well-deserved refreshments.

Special thanks goes out to Shawn and Caroline Tindall for the absolutely wonderful chili, pizza rolls and Guinness cake!!! Thanks also go out to Chelsey Clifford who provided sandwiches and snacks and to Denise Ormond who provided chili. The feast was enjoyed by all - or at least everyone who could keep their food down!

The evening was capped off by the UFC fights. A large, enthused group enjoyed this event.

This was one of the best turnouts for the Snow Bowl in years and hopefully we can continue to grow in numbers next year and maybe 2012 will be the year the singles finally take down the married!

Happy New Years to all!!!
