

RED DEER TITANS

2011 Season Report

Senior Women

The Red Deer Titan's Senior Women's season of 2011 started out about as good as any. With many new faces, a few blasts from the past combining with the seasoned veterans there was only ever promise on the horizon. With the new format to the competition the depth and skill level was tested early against some of the best rugby teams in Alberta. A couple of narrow losses at the beginning saw the ladies compete in the Division 1 Competition for the rest of the season. Under the experienced hand of Ray Rogers, great numbers to training, the willingness to learn and listen saw the girls click like never before and steam roll their way through the competition to the finals. A little controversy before the provincial final couldn't take the ladies eyes off the prize with a more then convincing beating of the Pirates in Edmonton, securing back to back titles. With the Provincial Final Trophy, the Champion Stampede Sevens belt buckle, along with the Banff Ten's great big shield, the trophy cabinet is once again full. Good on you girls!

Not only was there great success on the field in 2011, off the field saw the Titans ladies light up Red Deer like never before. Not only was it a blast at the club house after a match, the bumble bee's lighting up Calgary was the talk of the tournament and the lumberjacks in Banff was pure gold.

With the 40th anniversary just around the corner, a great U-19's program feeding the team and an awesome group of players, both at rugby and socially, season 2012 is looking better than ever!

Congratulation on yet another outstanding season girls. Remember 2012 is the 40th anniversary for the Titans, so let's train hard over the winter, get the body fit and the kidney's ready for a big year of celebrations.
